Dear Mr. Clausells,

It is a long time that you have not heard anything from me. I am very sorry that apparently on account of the political troubles in your country it was not possible to fix any new guest-engagements for myself in Spain in spite of my big success in Madrid. Anyhow I think it will interest you to hear about the striking success which I had on my London introduction, and I am sending you some press-cuttings which might interest you. I have just returned from a guest-concert in Stockholm, and am going in a few weeks on my 15th tour to Russia. I would be only too glad if something could be arranged for next autumn in Barcelona, as probably I shall not be too far away.

I would be very glad to meet you soon once more in Barcelona, and am waiting for your kind news.

With kindest regards,

Yours sincerely,

Heinz Unger
