

Madrid 1.º de Noviembre de 1933.

On December 24th of this year, our dear Maestro Arbós will celebrate his 70th birthday.

We wish him to be aware not only of the love and admiration of those who during thirty years have been under his direction; we want him to know that others share the same feelings for his long and glorious career.

Therefore, we would greatly appreciate your writing some lines on the enclosed card, thereby joining in the tribute we are preparing.
