

Orfeo Catala'
Barcelona
20th December 1958

Mr. S. Williams
Langollen

Dear Professor Williams and beloved friend,

As I already told you in my last letter, I have sent to you by registered mail two different annals (one of them up to ^{the} year 50 and the other up to year 56) and moreover two programmes of my chorus "Orfeo Catala'". The first of those programmes belongs to the performances of Bach's St. Mathew's Passion, which were given last term, and the second one belongs to the first performance in Spain of the "Stabat Mater" by Poulenc, who attended the concert and said afterwards that our performance of his work was the best one that had ever been given.

R1103.1

I still think a lot of the pleasant days we spent
with you at Brezzo. How I should like to meet you again.
I hope that will happen some day.

With my kind regards for your wife,
yours faithfully
